CCAMS School Date and Location Set for 2015

The **Corpus Christi Area Measurement Society** has set the date and location for our 2015 school in Corpus Christi. The school will be held **Tuesday February 17th and Wednesday February 18th** at the **American Bank Center**. Our host hotel will be the recently remodeled **Holiday Inn Marina** hotel on Shoreline Drive.

Our 2014 school was held at the Omni Bayfront hotel and was successful, but they are remodeling all of their meeting rooms early next year and they were not going to be available.

The American Bank Center is a great venue in Corpus Christi and has ample room for our classes as well as a large room to hold our exhibitor booths. We are very excited about having the school at the American Bank Center and know that it will prove to be a great location.

The Holiday Inn Marina hotel is just a few blocks south of the American Bank Center and they have recently remodeled most of the hotel's sleeping rooms. We visited some of the rooms

recently and they are very nice. They will be finishing up the rest of the hotel by the time we have our school next February. The hotel has given us a good rate for those attendees who choose to stay there.

We will be working on the details for the school this summer. We hope to have a good number of classes that will be beneficial to all those that attend. We should have room for more exhibitors which will also enhance the learning experience for all involved.

Please let us know if you have any special requests for classes, as we are open to your suggestions, and want to provide the training that is needed.

**You can send us an email at:
ccams2013@yahoo.com or telephone**

Jim Lee at 361-242-5525.

American School of Gas Measurement Technology

Sept 22nd-25th

The American School of Gas Measurement Technology will be held September 22nd-25th in Houston Texas. This is a great school which focuses mainly on natural gas measurement but has recently incorporated some liquid classes as well. The CCAMS is an affiliated member of this great school. For more information visit:

CCAMS Scholarships Awarded

The scholarship committee just finished making their recommendations for scholarship recipients for the 2014-2015 school year. The CCAMS will distribute nearly **\$50,000** to 24 students in our area this summer. We had a good bunch of students apply for our scholarship and we are happy to be able to give the money to help them further their education. The increased attendance at our school and our diligence in keeping our costs in line have led to our ability to provide a significant amount of money to students.

The students listed below will each receive a check made out to the school they are attending for \$2,000.

Gabriela Diaz

Cameron A. Page

Scott Lang

Norma Karalynn Canales

Louis (Trey) Kocurek, III

Jay Alan Marek

Nicolas G. Recio
